

FAMILY TREE

Compose your family tree and write under each name the skills and values you inherited from them (add more lines and squares if needed).

The diagram is a family tree template consisting of several rectangular boxes with dark blue borders, connected by dotted lines. At the top level, there are four boxes: two on the left labeled "grandmother:" and "grandfather:", and two on the right labeled "grandmother:" and "grandfather:". Dotted lines connect the two left boxes to a central box labeled "mother:", and the two right boxes to a central box labeled "father:". Below the "mother:" and "father:" boxes, dotted lines connect them to a central box labeled "ME:". To the left of the "ME:" box is a box labeled "sibling:", and to the right is another box labeled "sibling:". Additionally, there are four boxes in the middle row: "uncle/aunt:" on the far left, "mother:" next to it, "father:" next to "mother:", and "uncle/aunt:" on the far right. Dotted lines connect "uncle/aunt:" to "mother:", "mother:" to "father:", and "father:" to "uncle/aunt:". The boxes are arranged in three rows: the top row has four boxes, the middle row has four boxes, and the bottom row has three boxes.
